

Radio broadcasting companies' audience shares in each Nordic country 2016 (per cent)

Note: Share of listening time. Surveys throughout the year, except for Iceland week 42/2016. Different methods have been used, which impairs comparability between countries.

Sources: Kantar Gallup Denmark (processed by the Danish Agency for Culture and Palaces), Finnpanel, Gallup Iceland/Statistics Iceland, Kantar TNS Norway, Kantar Sifo (Sweden).
